CroxX Fertilization on the right track

CroxX foliar

CabMag Plus

Fruit trees and vegetables benefit from the balanced formulation, increasing cell-wall stability and associated traits like shelf-life and fruit quality.

As a key component of chlorophyll (green plant pigment) magnesium in combination with nitrogen initiates a regreening effect of deficient plants.

Fertilizer for Foliar and Soil Application.

CabMag Plus

Benefits

- ✔ Premium liquid fertilizer, providing efficient leaf regreening
- ✔ Extends shelf-life of harvest product
- ✔ Improves stability and quality of fruits

Content (% w/w)
4.9 N (4.9 ureic N)/ 15.0 CaO (10.7 Ca) / 4.0 MgO (2.4 Mg) / 0.07 B

Bulk density (kg/l): 1.42 / **pH:** 3.5
CE certified

Packaging: 100ml / 250ml / 500ml / 1l / 5l
