CroxX solub

Calcipower

Calcipower

Benefits

CroxX solub Calcipower is a special and unique grade Calcium-Nitrate Fertilizer. Combined with an Organic Complex and Trace Elements it promotes plant growth and cell stability with an additional effect on root growth and Phosphate and TE uptake.

Innovative flake form for improved solubility.

For Fertigation and Foliar Application

- ✔ Enriched with an Organic Complex
- ✔ Better uptake of Microelements, Phosphate and Calcium
- ✔ Avoids clogging

Content (% w/w)
15.3 N / 26.5 CaO
2.0 organic complex
0.01 B / 0.005 Cu* / 0.03 Fe** / 0.02 Mn* / 0.01 Zn*

*Cu, Mn, Zn chelated by PPA / **Fe chelated by DTPA

Bulk density (kg/l): 1.00 / **pH:** 4.8
CE certified

Packaging: 5kg / 25kg
