CroxX stim

Activator 17

High purity liquid humic and fulvic acids for fertigation. Derived from Leonardite.

Stimulates root growth and promotes uptake of nutrients due to natural chelation and complexation of nutrients.

For Fertigation.

Activator 17

Benefits

- ✔ Improves soil quality and fertility.
- ✔ Enhances fertilizer uptake particularly of micronutrients.
- ✔ Increases resistance vs. biotic and abiotic stress (drought, cold, heat).

Content (% w/w)
17 Humic Extract (12 Humic Acids + 5 Fulvic Acids)
3.5 K_2O

Bulk density (kg/l): 1.13 / pH: 13.5

Packaging: 500ml / 1l / 5l
